Independent Auditors' Report

To the Unitholders of C-QUADRAT Ampega Balanced Pension Fund

Opinion

We have audited the financial statements of C-QUADRAT Ampega Balanced Pension Fund (the "Fund"), which comprise the statement of net assets as at 31 December 2023, and the statement of fund result, statement of changes in net assets for the year then ended, and explanatory information to the Financial Statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the statement of net assets of the Fund as at 31 December 2023, and its financial performance and changes in net assets for the year then ended in accordance with Austrian Generally Accepted Accounting Principles.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) (*IESBA Code*) together with the ethical requirements that are relevant to our audit of the financial statements in the Republic of Armenia, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Austrian Generally Accepted Accounting Principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditors' report is:

Irina Gevorgyan
Managing Partner, Director of KPMG Armenia LLC

1. The Fund

C-QUADRAT Ampega Balanced Pension Fund (the Fund) was established on 1 January 2014 and commenced its operations on March 11, 2014. The Fund's registered office is 37 Hanrapetutyán Street, Yerevan 0010, Republic of Armenia. The Fund's Manager is C-QUADRAT Ampega Asset Management Armenia, Limited Liability Fund. C-QUADRAT Ampega Asset Management Armenia LLC, is a joint venture between C-Quadrat Investment AG, Vienna, Austria (74.9%), and Ampega Asset Management GmbH, Cologne, Germany (25.1%), a member of Talanx AG Group. C-Quadrat Investment AG is an asset manager specializing in quantitative and discretionary absolute and total return strategies. The Fund was established in 1991 and is listed in the Prime Standard of the Frankfurt stock exchange since 2006 and since May 2008 on the Vienna stock exchange. Ampega Asset Management GmbH forms, in combination with Ampega Investment and Talanx Immobilien Management, the Financial Services segment of Talanx AG, Germany's third-largest insurance group.

The Fund is a pension fund managed by independent professional asset managers until the proceeds are paid out to participants in the form of pension benefits once participants reach retirement age. The Fund participants are the owners of the pension fund assets, not the fund manager. The Fund is subject to guidelines and limitations in relation to its assets. The Fund invests in high-quality Armenian and foreign securities, with foreign currency investments being limited to 40% of Fund's assets. The objective of the Fund is the long-term stable growth in asset value by investing up to 50% of its assets in equities, equity funds and equity-equivalent instruments, while the remainder of which in bonds, bond funds, money market instruments, deposits and other assets. Target group is pension savers with high risk tolerance.

The Fund issues units of only one class. Units are recorded in the pension fund account administered by the register of participants in the form of electronic records. Units do not entitle the holder with the right to adopt decisions relating to the Fund. The Fund may be terminated by the Manager or the Custodian in accordance with Law on Funded Pensions of the Republic of Armenia and only in the presence of prior agreement with the Board of the Central Bank of Armenia.

<i>Fund Administration</i>	Raiffeisen Bank International AG, address: Am Stadtpark 9, Vienna, Austria
<i>Auditor</i>	KPMG Armenia LLC

The accounting currency of the portfolio is the ARMENIAN DRAM (AMD). Percentage holdings and positions in the financial statements are presented as percentage of net asset value as at reporting date (%).

The annual financial statements are prepared in accordance with Austrian Generally Accepted Accounting Principles (Austrian GAAP). The accounting period reported on is the year from 1 January 2023 to 31 December 2023.

Issue and redemption of units. The net asset value of the Fund is calculated in Armenian dram and represents the difference of total market value of the Fund assets and total Fund liabilities. The net asset value as well as the prices of redemption and issuance of units is calculated daily and is published by the Manager on its official website. Issuance and redemption of shares is carried out at the latest published price of net asset value per unit available on the Manager's official website as of the date of application for issuance or redemption. No charges or fees are made for issuance of units. Redemption fees are born by the applicant and vary from 0% to up to 2% depending on the type of the redemption transaction (cash/non-cash, inheritance, etc) and are stipulated by the Fund Rules and applicable legislation of the Republic of Armenia.

Custodian, registry maintenance, and Fund's bank fees. No fees are charged by the Fund bank. Annual fees charged by the custodian and register equal to 0.15% of average net assets, calculated daily. The Fund Manager pays custodian and registry keeping fees.

Fund rules. The Fund rules and periodic reports, as well as information and rules on issue and redemption of units, description of Fund's investment objectives and investment policy and other information are available and may be obtained from the Fund Manager's official website at <https://www.c-quadrat-ampega.am>. Unitholders do not hold voting rights. Fund's units are not listed in any stock exchange.

Financial instruments valuation rules. Securities are carried on the statement of net assets at their current value as at reporting date: this is their latest known market value or, in the absence of a market, is determined by any external means or by recourse to financial models.

Differences between the securities' current values determined as above and their weighted average cost are recognized in the accounts as change in unrealized closing price in the statement of fund result. Transactions with securities are recorded at trade date.

Securities denominated in a currency other than that of the portfolio are valued in accordance with the above principle and then converted into the currency of the portfolio at exchange rate of the Central Bank of Armenia obtained on the valuation date.

Deposits. Deposits are valued according to the linear method.

Equities, bonds and other securities traded in a regulated market or equivalent. When calculating the Net Asset Value (NAV), the equities and other securities traded in a regulated market or equivalent are valued based on the last available closing market price.

Bonds and similar securities are valued at the closing price notified by various financial service providers. Armenian Treasury bonds are valued using the market rate published daily by the Central Bank of Armenia.

Equities, bonds and other securities not traded in a regulated market or equivalent. Securities not traded in a regulated market are valued by the Fund Manager using methods based on net equity and yield, taking into account the prices retained in significant recent transactions.

UCITS held. UCITS units or shares are valued at the latest known NAV.

Taxation. Under present law of the Republic of Armenia, the Fund is not subject to tax on income, profits or capital gains or other taxes payable.

Management fees. Management fees are calculated on the net asset value of the Fund and are recognized in realized fund result. Management fees are paid in full to the Fund Manager, which bears all the fund's operating expenses, except for audit fees and guarantee fund payments. The management fees do not include transaction costs. Annual management fee is calculated daily at 1.3% annual rate including any applicable taxes and is paid by the 10th business day of the following month. Maximum proportion of management fees charged by UCITS is 0.07%-2.00% of their NAV.

Distribution to unit holders. Fund income shall not be distributed to unit holders but shall be re-invested in the Fund. Unit holders may receive their share of Fund income solely upon redeeming of units.

Management remuneration policy. Total amount of employees remuneration paid by the Fund Manager to its own employees for the financial year ended December 31, 2023 amounts to AMD 425,871 thousand (2022: AMD 346,870 thousand), of which AMD 214,801 thousand (2022: AMD 184,535 thousand) is attributable to management related remuneration. The Fund itself has no employees. No remuneration fees are paid by the Fund directly. The remuneration paid by the Manager to its management and staff is calculated based on fixed terms remuneration policy and is not directly tied to the results of the Fund. During the reporting period no material changes have taken place to the remuneration policy of the Manager.

Business environment. The Fund is exposed to the economic and financial markets of Armenia which display characteristics of an emerging market.

The breakout of armed conflict in Nagorno-Karabakh in September 2020 followed by cease-fire arrangement over disputed Nagorno-Karabakh territories has led to a social unrest in Armenia. In spite of the existence of the cease fire arrangement, the military forces of Armenia and Azerbaijan have been engaged in border conflict, which has also increased the level of uncertainty in the business environment.

In December 2022, Azerbaijan initiated a blockade of Nagorno-Karabakh, followed by a significant military offensive in September 2023, which ultimately led to the surrender of the Nagorno-Karabakh authorities. Consequently, Nagorno-Karabakh officially disbanded on 1 January 2024, marking the conclusion of the conflict of Nagorno-Karabakh. Nevertheless, the situation between Armenia and Azerbaijan continues to be tense due to ongoing disagreements regarding the delimitation of borders between Armenia and Azerbaijan.

In February 2022, because of the military conflict between the Russian Federation and Ukraine, a number of countries-imposed sanctions against the Russian Federation. The conflict affects not only the economic activity of two countries but the global economy as well. As a result of sanctions, commodity and food prices have risen in many countries around the world, the established links between supply of resources have been disrupted, inflation also affects the prices, and analysts also forecast economic implications for the global industry.

The financial statements reflect management’s assessment of the impact of the Armenian business environment on the operations and the financial position of the Fund. The future business environment may differ from management’s assessment.

Operational risk. Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to perform, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorization and reconciliation procedures, staff education and assessment processes.

Fund activities in the past financial year

Tactical decisions on allocation of assets for 2023

In 2023, falling local and international yields, lower global inflation levels, and resilient company earnings were proactively reacted to. The primary allocation adjustments made were increasing the maturities of bonds held and increasing the foreign equity exposure above historical levels. Funds made tactical decision to increase the exposure to Government Bonds allocation. This increase was a strategic response to prevailing market rates and the Manager’s expectations of yield curve changes. The exposure to local corporates, particularly within the banking sector, declined throughout the year. This tactical move reflected careful consideration of prevailing market conditions. Funds’ exposure to Foreign Equity and Fixed Income investments was increased with, however, no major tactical moves implemented within these asset classes.
